

LEADING AND MANAGING CHANGE

Why Attend?

Organizations and teams face constant changes, especially in today's digital world. The ones who embrace, lead and manage changes effectively are the ones who succeed.

" A leader needs to attract followers... but if the mobilization process is to succeed, those followers must become leaders too, finding their own sense of purpose in the shared challenge and spreading the call and vision of the change."

~ Ken Blanchard, author, *Leading at Higher Level*

This two-day program* will equip you and your team with the knowledge, tools and processes to ensure the whole organization understands the reasons for the change and aligns with it; effectively plans & implements the change; and measures the benefits and sustains the change long-term.

* One-day fast track program is available. Workshop customization is encouraged.

Who Should Attend?

- Leaders at all levels of the organization, including individual contributors, first-time managers, experienced managers and senior people leaders
- Line and functional managers, heads of departments, directors
